Icreon communication Pvt Ltd. (formerly ChangeCX india pvt ltd.), Noida, India

WORK HISTORY

1. Icreon Communication Pvt Ltd (formerly ChangeCX India Pvt Ltd) - Frontend Developer

07/2022 - 06/2024

Project :- Scholastic Art and Writing

- Created a platform for students to share art and writing
- Developed and enhanced different **React** components
- Ensured full cross-browser compatibility and **keyboard accessibility**, following WCAG standards for a better user experience across all devices and browsers
- Effectively employed specific libraries, like **React Hook Form** and React Query
- Developed web applications leveraging **React, TypeScript, and Next.js**.

Project :- *Shades of light*

- Led the development of **pixel-perfect**, responsive web pages using **HTML, CSS, Tailwind, and Next.js**
- Designed and implemented **SSR-enabled** React components for fast and SEO-friendly pages
- Configured the layout and design of frontend components based on the **Frontastic schema**
- Utilized **Formik libraries** to manage forms
- Increased **accessibility** while speeding up page performance

Project :- *Curio*

- Developed a digital marketplace for curated handmade furniture, lighting, accessories, and art from more than 100 global artisans using **HTML, CSS, Tailwind CSS, React.js, Frontastic, and Next.js**
- Designed engaging user platforms with React.js
- Introduced dynamic PDF creation features through a dedicated **jsPDF** implementation.
- Utilized **Contentstack** CMS for managing static content, and collaborated with cross-functional teams to deliver scalable, user-friendly web solutions.
- Implemented performance optimization techniques, like **lazy loading, code splitting, and image compression**, to improve Core Web Vitals and page load speed.
